## Winners

# Residential Excellence

## Private Residence #2 Pennsylvania

**Producer Member:**

**Sun Precast Company, Inc.**

Architect/Mason: *D' Alessio Inspired Architectural Designs*

Excellence Award Winners

**What is the scope of the project?**

This newly constructed expansive private residence incorporated a large amount of custom Cast Stone, which included ornate door and window surrounds, balustrade, columns, capitals, panels, pilasters, piers, pier caps, chimney caps, and coping.

Excellence Award Winners

**What is the role of Cast Stone?**

The role of Cast Stone is to accentuate the architecture and old-world charm of this European inspired Chateau. The Cast Stone also serves to complement the overall design and highlight the elegance of the natural stone façade.

Excellence Award Winners

**How was Cast Stone critical to the success of the project?**

The Cast Stone throughout the project integrated seamlessly into the fine architectural details of the design. As a complete design-build project, Cast Stone allowed for the flexibility throughout the design and fabrication process, which was critical to the creation of this luxurious property.
